

# COMPANY PROFILE

---

## ABOUT US

**HOT AND COLD KITCHEN EQUIPMENTS TRADING** is the new and promising One Stop Shop Solution for Hotels, Restaurants, Catering, Bakery and Supermarket Equipments and Services, aiming to deliver the most carefully selected brands and products at the premium quality that all our valued clients deserve. The company is formed by a team who have work firsthand on the field, the ones who understand what the real quality is and what the market really needs.

We are a supplier of various products and service provider related to the food servicing and hospitality sector also to the retail industry.

## OUR VISION & MISSION

### OUR VISION

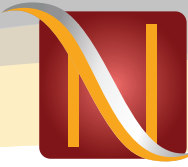

To achieve operational excellence & growth while delivering value to our clients, our core values differentiate **HOT AND COLD KITCHEN EQUIPMENTS TRADING** as a competitor in the industry.

### MISSION

Create a long-lasting partnership with the clients by keeping the consistency in providing better solutions, best quality products and services while being, innovative, and trendy. We combine the latest cutting-edge food service equipment with time-tested technology to develop an integrated facility. Also add value to the food service industry by providing products & services that fulfill commercial kitchen needs & satisfy our clients.

# OUR WORK PROCESS

## **Consultancy**

We plan your project by creating a concept idea and recommending the list of equipment needed to fulfill your concept menu.

## **Design**

Our design team does not only draw a layout for your project, but also the schedule and plan of your project from A to Z including site visits, concept layout approved by food control authorities, technical and mechanical drawings, and delivery time scale.

## **Fabrication**

After the site visit, a detailed lay out is done for the items to be fabricated. All items are fabricated using high-grade stainless steel 304 or 316. Our factory team is eligible to work in parallel with your contractor to complete your project without delay.

## **Delivery**

Since we schedule your work process, we make sure that our delivery is always on time. Our warehouses and delivery teams are capable of supplying the market demand at any time.

## **Installation & Commissioning**

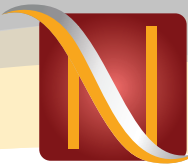

Our team is well-trained to handle and install all the items as per requirement, then the machines are distributed as per the agreed-on layout. Finally, all the machines will be tested to make sure everything is running properly.

## **After-Sales Services**

Our service team is always ready to support you with preventive maintenance, repairing, and providing spare parts.
